

# USER STORIES

*This document showcases the user stories I developed for the MVP of Cuss Me, focusing on key subscription and premium features. These stories outline the functionality and user flow for the app's core features, ensuring a seamless user experience for both premium and non-premium users.*

## ❖ EPIC: Subscription Persuasion (61)

- **Feature 1: Subscription Prompt on Limit** - Show a subscription CTA when a user reaches a defined limit.
  - **Story 1.1:** As a non-premium user, when I scroll through the meaning of the cuss words of a language, I should reach a maximum limit of 10 words and then get a CTA to Subscribe to Premium to see more words.
  - **Story 1.2:** As a signed-in user, when I click on the Subscription CTA, it should lead to the Subscription screen (60). Once I've successfully subscribed, it should lead me to the words screen (74).
  - **Story 1.3:** As a non-signed user, when I click on the subscription CTA, it should lead me to the sign in page (49). Once I've successfully signed-in or signed-up, it should redirect me to the Subscription page (60).

## ❖ EPIC: Premium Subscription (60)

- **Feature 1: Sign up for Premium Subscription** - Show the premium features, pricing options and a CTA button to continue.
  - **Story 1.1:** As a user, I should see the Premium features that are available before I subscribe. This includes 100% ad free experience, access to the full list of words, and access to speech playback.
  - **Story 1.2:** As a user, I need to select a pricing option, i.e, annual or monthly. The monthly option should be selected for me, by default.
  - **Story 1.3:** As a user, when I press the continue CTA, it should take me to the third party subscription platform.
  - **Story 1.4:** As a user, when I press the close button, it should go back to my last screen.

## ❖ EPIC: Audio Playback (16)

- **Feature 1: Playback Audio Pronunciation** - Playback audio button that plays the pronunciation of the desired word. This is a premium-only feature.
  - **Story 1.1:** As a premium user, I should see an audio button (ref 16) next to the word. Clicking on it, I should hear the recorded pronunciation of the word.
  - **Story 1.2:** As a user, the audio button shouldn't be displayed, if the audio playback for the word doesn't exist.

- **Story 1.3:** As a non premium user, the audio button should be disabled as the audio playback is a premium-only feature. And I should see the text “Premium Only” next to it.

#### ❖ **EPIC: Spice Level Checkbox (72/73)**

- **Feature 1: Select desired Spice level during sign-up** - Checkbox for choosing multiple spicy levels during sign-up.
  - **Story 1.1:** As a new user, I should be able to select multiple spice levels.
  - **Story 1.2:** As a new user, I should select at least one spice level to proceed.
  - **Story 1.3:** As a new user, Mild should be pre-selected for me as the default spice level.
  - **Story 1.4:** As a new user, if I deselect mild and I don't select any other spice level, the Next button and the Skip to Dashboard button should be disabled.
  - **Story 1.5:** As a new user, when I select at least one spice level, the Next button should be enabled and I should be able to press next to proceed to the next screen (7).
  - **Story 1.6:** As a new user, if I press the Skip to Dashboard button, I should be taken to the dashboard with the Mild spice level selected as a default.

#### ❖ **EPIC: Changing Spice Level (74)**

- **Feature 1: Change Spice level** - Checkbox for changing spice levels in the screen where it shows a list of words after selecting a language (74).
  - **Story 1.1:** As a user, I should be able to see the Spice level icon at the top right of the screen in the search results screen.
  - **Story 1.2:** As a user, when I press the Spice Level icon, I should be able to select or deselect multiple spice levels..
  - **Story 1.3:** As a user, the search results will be changed based on my Spice level selection, showing multiple spice levels if multiple spice levels are selected.
  - **Story 1.4:** As a user, if no spice level is selected, it shouldn't display any results. It should display a prompt text “Turn on Spice level to see results”.
  - **Story 1.5:** As a user, my spice level selection in story 1.2 should be saved and will act as my default spice level in future search results. This will remain the default until I change it in my subsequent search screen or via preferences (80).

#### ❖ **EPIC: Privacy Policy and Terms & Conditions (67)**

- **Feature 1: Privacy Policy and Terms & Conditions documents** - Sign in page should have the links to Privacy Policy and Terms & Conditions.
  - **Story 1.1:** As a user, pressing the privacy policy will open the link to the Privacy Policy: <https://cussme.xyz/privacy-policy/>.

- **Story 1.2:** As a user, pressing the Terms & Conditions will open the link to the Terms & Conditions: <https://cussme.xyz/terms-and-conditions/>.

#### ❖ **EPIC: Menu (77)**

- **Feature 1: Menu Options** - Show menu options for the users.
  - **Story 1.1:** As a non premium and logged in user, pressing the “Go Premium” button should lead me to Premium Subscription Screen (60).
  - **Story 1.2:** If I’m a logged out user, pressing the “Go Premium” button should take me to the Sign In screen (67) and when I login or sign up, it should take me to the Premium Subscription Screen (60). However, when I login and I’m already a Premium Member, it should take me to the dashboard instead (7).
  - **Story 1.3:** As a signed-in premium user, I shouldn’t see the “Go Premium” option in the menu.
  - **Story 1.4:** As a user, pressing the “About the App” button should take me to About Cuss Me screen (78).

#### ❖ **EPIC: About (78/79)**

- **Feature 1: About Cuss Me & The Story** - Show about the app, and the story of how it’s created and the creators involved.
  - **Story 1.1:** As a user, when I enter the screen, it will open on the About Cuss Me tab (78) by default, and it should show me the information about the cuss me app.
  - **Story 1.2:** As a user, pressing the privacy policy will open the link to the Privacy Policy: <https://cussme.xyz/privacy-policy/>.
  - **Story 1.3:** As a user, pressing the Terms & Conditions will open the link to the Terms & Conditions: <https://cussme.xyz/terms-and-conditions/>.
  - **Story 1.4:** As a user, when I press The Story tab (79), it should show me the story of the creators. It’ll show Abishek’s story by default. Pressing the me button should lead me to Abishek’s linked in profile: <https://www.linkedin.com/in/abishekantony/>
  - **Story 1.5:** As a user, when I press the Lead Developer button at the bottom in the story tab, I should see the Lead Developer’s Story. A button to switch back to Abishek’s story should be shown at the bottom.
  - **Story 1.6:** As a user when I press the close button, it should go back to my last screen.

#### ❖ **EPIC: Preferences (80)**

- **Feature 1: Preferences options** - Show all the preferences options to help the user customize the app.
  - **Story 1.1:** As a Premium User, when I press the Membership Info option, it should take me to the Membership Info Screen (81).
  - **Story 1.2:** As a non-Premium User, I should not see the Membership Info option.
